

Beautiful Sun

Delirious?

I would do anything to stay by Your side
Til the darkness flies away
I'm lost in the shadows
When will day begin
With the sun
Beautiful sun
I'm grabbing for miracles to feel You close by
To surround me with Your song
I know uncertainty
But truth lights the way
Like the sun, beautiful sun
Like the sun, beautiful sun
And I have to say I put on the line
All of my faith, yes all of the time
Eye has not seen and no ear has heard
I still believe the invisible word
Grace is my story
Hope is my song
You have been so good to me
I should have nothing
But I've got it all
With the Son, beautiful Son
Beautiful Son, beautiful Son
Yeah, beautiful Son, the beautiful Son
You are the Son, the beautiful Son
Gonna lay in the Son, beautiful Son
Beautiful Son, beautiful Son
Through the sinners door.
