

## Feel It Coming On

Delirious?

Look at where we've come  
A boy becomes a man  
But for the first time in our lives  
We come without a plan  
Careful when you look  
For my heart has leprosy  
All I want is to see Jesus  
Just one touch and I'll be free  
Oh, I feel, I feel it's coming on  
When you call my name it feels like heaven  
Reach inside of me  
Deeper than before  
Would you tear away this old man  
Bring peace to this old war  
See your piercing eyes  
Burn me like a fire  
If you have me I will run  
To finish all that you've begun  
Hold me tonight, will you hold me tonight  
Hold me tonight, it feels like heaven
