

## Hang on to You

Delirious?

And I'll hang on to you  
'Cos you're stronger and you keep me from falling  
And you brighten the world with your beauty  
Keep me closer I'm calling  
Looking out like a little child  
Holding tight when it all gets wild  
And I'll hang on to you  
Nothing in this world will see me through  
Only you  
And I'll hang on to you  
Everyday I live, I give to You  
And your love it is true  
I feel stronger and I'm happy to know you  
'Cos you shine like the sun and you're brighter  
Than the darkness that's falling  
Nothing in this world could ever take your place  
Happiness is found in your holy face  
In your warm embrace
