

Stronger

Delirious?

We're getting stronger everyday,
We're getting braver in every way,
Hallelujah here we come.

We're getting stronger everyday,
Push through the rains that fall our way,
Hallelujah here we come.

We're much stronger when we're one,
Hallelujah here we come.

Oh, I love You from the depths of my heart,
And nothing here will tear us apart.
Everything's beautiful with You,
Everything's beautiful, when You invade my life.
And I'm living just to say that 'I love You'.

We're getting closer everyday,
Chasing the dreams that heaven gave,
Hallelujah here we come.

We're getting closer everyday,
Into Your arms I'm here to stay.
We're much stronger when we're one,
Hallelujah here we come.
