

Deli

Delorean

Up, Up
They break my life up
I get up again

I like the time I spend with you girl, you girl, yeah
I like the time I spend with you
The time I spend with you

We would always sleep tight
We would always feel right
All they had to do to you was

I like the time I spend with you girl, you girl
I like the time I spend with you

Up, up
They break my life up
I get up again
