

## Stay Close

Delorean

Each secret you keep  
Keeps me a bit far

But I want to know  
Burn down the mysteries

Though I know I won't  
I'll never know it  
I could never stand  
Not being closer

How come, we argued again

You suggest, I didn't grasp it

It got dark some time ago now  
Now I'm lost  
Where can I reach you

Get up, get up, get up, get up, get up (x8)

Each secret you keep  
Keeps me a bit far

But I want to know  
Burn down the mysteries

Though I know I won't  
I'll never know it  
I could never stand  
Not being closer

How come, we argued again

Maybe just, I didn't grasp it

It got dark some time ago now  
Now I'm lost  
Where can I reach you
