

Can't You See

Delroy Wilson

Can't you see, that I love you
Please don't break, my heart in two
Can't you see, can't you see, that I love you so
And I'll never, I'll never, I'll never let you go

Squeeze me baby, with all your mind
Hold me baby very thigh
Can't you see, can't you see that I love you so
And I'll never I'll never, I'll never let you go

No matter what they say or do
I'll always loving you
I want you to understand,
That I will always be your lover man

Can't you see, that I love you
Please don't break, my heart in two
Can't you see, can't you see, that I love you so
And I'll never, I'll never, I'll never let you go
