

# I'm In The Mood For Love

Delroy Wilson

Yeah, oh baby  
I really love you  
Oh girl, girl

I'm in the mood for love  
I've got this feeling inside  
Nobody knows my pride  
But only you

There's never a girl like you  
Who knows my deeds and my don'ts  
Don't wonder why I love you so  
You give me these feelings

You've got the kind of love  
I've been searching for  
You drive me crazy, crazy  
Only for you

No matter what you do  
I love only you  
No one can tear us apart  
You've got a place in my heart

I'm in the mood for love  
I've got this feeling  
Nobody knows my pride  
But only you

Yeah, baby  
I really love you, girl  
Oh yeah

There's never a girl like you, oh baby  
Who knows my deeds and my don'ts  
Don't wonder why I love you so  
You give me this feeling

You've got the kind of love  
I've been searching for  
You drive me crazy, crazy  
Only for you

You drive me crazy - I'm in the mood for love, baby  
I really love you - I never give it up, darling  
I never desert you...
