

Blue Christmas

Delta Goodrem

I'll have a blue Christmas without you
I'll be so blue just thinking about you
Decorations of red
On a green Christmas tree
Won't be the same dear
If you're not here with me

And when those blue snowflakes start fallin'
That's when those blue memories start callin'
You'll be doin' alright
With your Christmas of white
But I'll
Have a blue, blue, blue, blue Christmas

Decorations of red
On a green Christmas tree
They won't be the same dear
If you're not here with me

And when those blue snowflakes start fallin'
That's when those blue memories start callin'
You'll be doin' alright
With your Christmas of white
But I'll
Have a blue, blue, blue, blue Christmas
Oh yes, I'll
Have a blue, blue, blue, blue Christmas
Oh yes now, I'll have a blue, blue, blue, blue Christmas
