

Unlike Any Other

Delta Rae

Here I am in this empty room,
Miles away you
If you ask me
I'd get in my car and I'd drive all night
I'm coming home to you
If you'll have me
But no one needs to know
When you hold me
It's unlike any other
Unlike any other
Unlike any other
When you hold me
It's unlike any other
Unlike any other
Unlike any other

I've been this girl so many times
Blurring all the lines
Like it's easy
I can't believe that I got this close again
Now I'm afraid to move
You might really see me
You don't need to know
When you hold me
It's unlike any other
Unlike any other
Unlike any other
When you hold me
It's unlike any other
Unlike any other
Unlike any other
No one needs to know
