

Baby Play

DELUHI

Break it! By yourself
Smash it! With your hands
Wreck it! No brainer! Don't think!
Shout it!

Break it! By yourself
Smash it! With your hands
Wreck it! No brainer! Don't think!
Shout it!

Our country is wasted
We all have no way out
Our country is collapsing
Can't do anything...

We should return to now
We should return to now
We should return to our birth now
All is baby play
it is such baby play

Break it! By yourself
Smash it! With your hands
Wreck it! No brainer! Don't think!
Shout it!

Our country is wasted
We all have no way out
Our country is collapsing
Can't do anything...

We should return to now
We should return to now
We should return to our birth now
All is baby play
it is such baby play

The world against the weak
The nation cannot speak
The power of the country is a force
for the person concerned only
Somebody is sacrificed for their dirty pleasure
So I wanna change the world
Not a difficult thing

We should return to now
We should return to now
We should return to our birth now
All is baby play
it is such baby play
