DELUHI

Yeeaaaaaahhhh!!!!

Say what you want to say  
It's for you to decide  
Time flies so fast  
You must decide now make or break

You find truth and real  
It's your faith that makes you stronger  
So you accept even sorrow  
Can you feel grief and pleasure?  
Nobody's gonna show you how  
So you believe even all pain

Face to face  
Follow the future  
Shout out  
Follow the future
