

Bellow yourself because over is so far
Make a torture - it's a trigger tale
To be a puppet in a nightmare
You miss your shells

Our case, our world, we fall, we pay apart so far
Without a name or a purpose
It is true, renew prouds and share the sound
Take the chance now!

People, call we! Overtake your sorrow
'Cause you will see a world that nobody couldn't imagine
People, call we! Overtake your sorrow
'Cause you will see a world that nobody couldn't imagine
Belive in yourself

Iro no frontier haka kara nae
Itsu no oubita kaze ga kimi wo michi michu
Kono owari wa yasoku shiteiku darou?
Omoi wa nushite sora ni nobotte
Itsuka kitto kimi wo terasu darou?
Doko made mo michi wa tsudzuku ka.

Watch you say! Hear me out say now!

People, call we! Overtake your sorrow
'Cause you will see a world that nobody couldn't imagine
Belive in yourself
