

No Money To Spend

Deluxe

I've got no money to spend,
I've got no riches for you,
darling all I can say is that
I wrote a song for you.

I stay alone,
I'm waiting for an answer, tell me more.
I've waited too long,
you know I've never felt like this before.

I wish you come.
I'll take you'll little fingers and
we'll stand apart
and we will do things our way every hour in the day.

I've got no money to spend,
I've got no riches for you,
darling all I can say is that
I wrote a song for you.

We'll fly away,
oh together, we could fly so high.
You and me,
oh together, we could touch the stars.

I wish you come
I'll take you'll little fingers and
we'll stand apart
and we will do things our way every hour in the day.

I've got no money to spend,
I've got no riches for you,
darling all I can say is that
I wrote a song for you.

I wish you come
I'll take you'll little fingers and
we'll stand apart
and we will do things our way every hour in the day.

I've got no money to spend,
I've got no riches for you,
darling all I can say is that
I wrote a song for you,
for you...
