

Feel So Right

Demarco

Hehe
Ayyyyyyyyyy
Gotta express myself
To my lady
I love my woman
I love my woman (yeaahhh)
I love my woman
I love my woman (yeaahhh)
Represent for my lady
Without you

Girl it feel so right
You here by my side
I don't wanna fuss and fight with you
But girl this a part of life
And girl I apologize
If I didn't do you right
Let's make this work
And start a beautiful life

I'm ready to go have one baby
And if a marriage you want mi girl
Diamond ring fi me lady
God know
I'm ready to go have one baby
And if a marriage you want mi girl
Diamond ring fi me lady
God know
Mi memba when
Me and you just start deal
Mi memba when you use to bonx to turn cornmeal
Mi memba when you coulda leff mi
Cah mi nah have no money
But you stay because is not your heart feel
Although we go through whole heap a things inna life
And life is made up of the wrongs and the rights
Until then we a go keep the relationship together and fight
