

## Cast Iron Arm

Demented Are Go!

The other night me and my girl went bowling  
The other night me and my girl went bowling  
Went to a place called Joes that's where everybody goes

When we walked in she turned every face in the place  
When we walked in she turned every face in the place  
A cool number jumped up and made a play for my girl  
I said fuck off and die!

I said don't mess with me cos I got a cast iron arm  
I said don't mess with me cos I got a cast iron arm  
Oh when you you mess with me that only rings my alarm

Well the music was a-rockin and the place was a-jumpin  
with jive  
Well the music was a-rockin and the place was a-jumpin  
with jive

I said don't mess with me cos I got a cast iron arm  
I said don't mess with me cos I got a cast iron arm  
Oh when you you mess with me that only rings my alarm

I said don't ...  
I said don't mess with me cos I got a cast iron arm  
Oh when you you mess with me that only rings my alarm
