

Funnel of Love

Demented Are Go!

Here I go falling down, down, down
My mind is blank, my head is spinning around
I got deep into the funnel of love

It's such a crazy, crazy feeling
We kept the knees, my porous head is reeling
I'm 'bout deep into the funnel of love

I try and try, running high
Even tried to run away
Just can't hide from the funnel of love
It gonna get you one day

It's such a crazy, crazy feeling
We kept the knees, my porous head is reeling
I'm 'bout deep into the funnel of love

I try and try, running high
Even tried to run away
Just can't hide from the funnel of love
It gonna get you one day

Here I come falling down, down, down
My mind goes blank, my head is spinning around
I got deep into the funnel of love
Love, love, love, love, love, love, love
