

Queen of Disease

Demented Are Go!

See her walking down the street
She's got brand new clothes
And a brand new beat
She's got a virus she'd never believe
Queen queen, queen of disease

Queen queen, queen of disease
Pick the scabs make 'em bleed

New look, new club, new style
She goes to nightclubs
Drives the guys wild
She's got a virus, a killer disease
And she spreads it, spreads it with sleaze

Queen queen, queen of disease
Pick the scabs make 'em bleed

She got abused at the age of ten
Her daddy fucked her, drove her round the bend
She's real twisted she aint got no friends
It's a fact that she hates men
Pick the scabs make 'em bleed

Sex bitch girl of your dreams
She'll take you home, She'll make you cream
She's got a virus, a new disease
And she's a killer spreading it with sleaze

Queen queen, queen of disease
Pick the scabs make 'em bleed
