1. Now you told me on a Sunday
That it wasn't gonna work
I tried to cry myself to sleep
'Cause it was supposed to hurt
2. We stand next to the fire
As the flame was burning out
I knew what you were thinking
Before you'd say it aloud
- *: Don't say you're sorry
'Cause I'm not even breaking
You're not worth the time that this is taking
3. I knew better
Than to let you break my heart
The soul you'll never see again
Won't be showing scars
- R: You still love her
I can see it in your eyes
The truth is all that I can hear
Everytime you lie
Everytime you lie
Everytime you lie
4. I woke up the next morning
With a smile on my face
And a long list of gentlemen
Happy to take your place
5. Less trashier much classier
Than who you prove to be
How long's it gonna take before
You see that she's no me, oh no
- 6.=3.
R: You still love her...
- *: At night, awake
I will be sleeping till morning breaks
That's the price you pay for your mistakes
Goodbye to cheating
So don't say you're sorry
'Cause I'm not gonna listen
- 7.=3.
R: You still love her...
+ Don't say you're sorry, oooh

The truth is all that I can hear
Everytime you lie
