## Lonely

## **Demi Lovato**

Mmm, ooh, yeah Mustard on the beat ho!

He felt just like you His arms, his lips His promises were just as smooth His grip, it fit though I'll admit that Only you could make me feel the way you do Though you know love is blind And he just caught my eye

You know me, and honestly I'm better without ya Don't you got me checking on my phone by the hour Baby, I'm hoping and praying My knees weak, I'm shaking 'Cause you know that I always needed saving

Now I'm fucking lonely, and you didn't want me Trying to show me that you didn't own me But all you do is leave me fucking lonely Knees on the concrete, cut up and bleeding For no Goddamn reason But all you do is leave me fucking lonely Leave me fucking lonely Leave me fucking lonely Leave me fucking lonely

The month was June The smoky sun, our fatal run It ended too soon With tears and proof, 'cause all the carpets stained with juice Blood on my shoes and you know love is blind I can see it in your eyes

You know me, and honestly I'm better without ya Don't you got me checking on my phone by the hour Baby, I'm hoping and praying My knees weak, I'm shaking 'Cause you know that I always needed saving

Now I'm fucking lonely, and you didn't want me Trying to show me that you didn't own me But all you do is leave me fucking lonely Knees on the concrete, cut up and bleeding For no Goddamn reason But all you do is leave me fucking lonely Leave me fucking lonely Leave me fucking lonely Leave me fucking lonely

Bitch, can't even say I miss you back over the fuckin' text Every time you slept over my pad, you over fuckin' slept Toni Braxton told me breathe again, don't hold no fuckin' breath Gave your ass directions to my heart, and your ass busted left Climbin' up the money tree, the tree without the lover's nest 'Cause lovebirds are some busy bees You fuck around, get stung again And you didn't leave your underwear 'Cause she didn't arrive in no underwear Look baby, even lovers burn to nothin', that be clear I can't see the forest from the tree, the water from the sea And I was starting to believe, but it's a forest full of dreams I smoke bars full of weed, and call it what I see And when you leave, I hope you know you bring This forest to his leaves I'm fucking lonely, Yeah

Lonely Leave me fucking lonely Leave me fucking lonely Leave me fucking lonely
