

# Quiet

Demi Lovato

1. I hear what you're not saying  
It's driving me crazy  
It's like we stopped breathing in this room  
We're both the last to believing  
I know what you're thinking  
I wish you'd make your move

R: It's much too quiet in here  
I wanna disappear  
I can't find myself thinking too clear  
It's too quiet in here  
Make it all go away  
Why can't we break the silence, why wait?

2. It's like you know where I'm going  
Follow me home but I never invite you inside  
I see what you're not showing  
I've got you for nothing  
Be careful with these feelings that we're

R: It's too quiet in here...

3. Don't talk don't stop gotta be tonight  
Just know the future could be tonight  
One day it's over  
Don't tell me you're not gonna try  
Ambitions drag you on to fight  
And I wanna be your only one

R: It's too quiet in here...

Make it all go away...
