

# Really Don't Care

Demi Lovato

1. You wanna play you wanna stay you wanna have it all  
You started messing with my head until I hit a wall  
Maybe I shoulda known maybe I shoulda known  
That you would walk you would walk out the door, hey!
  2. Said we were done and met someone and brought it in my place  
Cut to the pushing with your heart and then she ran away  
I guess you shoulda known I guess you shoulda known  
That I would talk I would talk
- R: But even if the stars and moon collide  
I never want you back into my life  
You can take your words and all your lies  
Oh oh oh  
I really don't care  
But even if the stars and moon collide  
I never want you back into my life  
You can take your words and all your lies  
Oh oh oh  
I really don't care  
Oh oh oh  
I really dont care
- \*: I cant believe I ever stayed up writing songs about you  
You dont deserve to know the way I used to think about you  
Oh - Not anymore  
Oh - Not anymore  
You had your shot had your shot, but you let go
3. Now if we meet out on the street I wont be running scared  
I'll walk right up to you and put one thing for in the air  
And make you understand and make you understand  
You had your chance had your chance
- R: But even if the stars and moon collide...
4. Yeah, listen up  
Hey, hey now I'm a little back don't struck boy, ego with tack  
Look boy why you so mad  
Second gets in, but shoulda hit that  
Hey Demi you picked the wrong lover  
Shoulda picked that one is cuter than the other  
I just wanna laugh cause you tryna be a hipster  
Kick it to the curb take a polaroid picture
- R: But even if the stars and moon collide...
