

The Middle

Demi Lovato

1. I knew where I was going when you left the room
You're the kinda guy that makes me want to
Follow through to you
I've been trying to leave you for the longest time
The second that I saw you I just knew I found my right guy
*: I like it (6x)

R: I wanna crash
I wanna fall
I wanna be somewhere in the middle.
Somewhere in the middle
Something
It's better than nothing
I just need a little
I just need a little cuz I
Don't wanna be nowhere
But somethings makin' me go there
Somewhere in the middle with you
*: I like it (6x)

2. Losing my direction,
That's the way it should be
Feeling a connection
When you're standing next to me
I wanna be rolling
I just wanna be rolling with you.
*: All of the things you say
I like it
Taking me far away
I like it

R: I wanna crash...

3. Baby you take me
You wanna take me from this crazy
Babyyyyy
Cuz I just need a little
I just need a little
Somewhere in the middle with you
R: I wanna fall...

CRASH
FALL
I like it I like it
Somewhere in the middle with you
