

# Who's That Boy?

Demi Lovato

I wanna get you by yourself  
Yeah, have you to myself  
I don't need nobody else  
Don't want nobody else

Your special, I know  
Your smile, it glows  
He's perfect it shows  
Let's go!

I've been starin' at ya  
And I could do it all night  
Your lookin like an angel  
With a kinda body needs a spotlight

Aint nobody know your name  
But lookin like you do could be famous  
I can see us makin waves  
From the back of the club to a bed in the shade

Now don't know who you are  
But you look like a star  
And everybody here be thinkin  
Who's that boy

Wanna take you home  
And get you all alone  
And everybody here is thinkin  
Who's that boy

Oh He got me  
No I never see  
No one like him  
Damn he's everything

Girls they want him  
Guys they wanna be  
Who's that boy  
Who's that boy

You could say that I'm distracted  
But ah you got me so attracted  
But boy I tell you what the fact is  
Is no one else in this room that can rock it like you you do

Aint nobody know your name  
But lookin like you do could be famous  
I can see us makin waves  
From the back of the club to a bed in the shade

Don't know who you are  
But you look like a star  
And everybody here be thinkin  
Who's that boy

Wanna take you home  
And get you all alone

And everybody here is thinkin  
Who's that boy

Oh, he got me  
No, I've never seen  
No one like him  
Damn he's everything

Girls they want him  
Guys they wanna be  
Who's that boy  
Who's that boy

Everybody in the club turn around sayin  
Who's that  
Who's that

Beautiful boy with them big brown eyes tell me  
Who's that  
Who's that

I got my eye on this boy  
Can't get him off my mind  
He's one of a kind  
The cherry to my pie

I just want to get him close  
Wanna make him mine  
Come hold my hand  
And dance away the night

Give me the green light  
Kiss my lips  
Who's that boy  
Watching my hips

I-I-I wanna know who you are  
My name is Dev  
And you can be my star

Don't know who you are  
But you look like a star  
And everybody here be thinkin  
Who's that boy

Wanna take you home  
And get you all alone  
And everybody here is thinkin  
Who's that boy

Oh, he got me  
No, I've never seen  
No one like him  
Damn he's everything

Girls they want him  
Guys they wanna be  
Who's that boy  
Who's that boy

Who's that boy  
Who's that boy
