

## Silent With Earth

Demigod

no way out of this hell  
solitude holds me through time  
misery found a way to my heart  
tears raining upon my path

memory of the time  
I lie silent with earth  
awakened to eternity

in search for my paradise  
I am lost on my way  
the path darkened by others  
my earthly remains decay

memory of the time  
I lie silent with earth  
awakened to eternity

you gave me everything  
you gave me this pain  
you gave me this world  
you made me insane
