Demolition Hammer

Distorted to subhuman form
Rendered amorphous refuse to submit
With steel bearing down on your face
Condemned by violence
Confined and suppressed

You attempt at a future escape
Bludgeoned unconscious awake in pain
By one who's pleasures conceived
From beating you vampid
And watching you bleed

Coagulate swell and abscess
Incarceration maniacal vigilant
Bent on destroying your flesh
Insatiable passion
For violence and sufferance

Death your redundant plea
Denied acquittal torturous slave
Resist the threshold of pain
Succumb to the punishment
Grotesquely maimed
