

# Incision

Demon Hunter

Don't leave us  
They said that you had gone astray  
Don't lead us  
Away from the light

We stood behind the veil and watched you walk away from us  
You shattered all our dreams in one fatal mistake

You fractured every piece of life that we cared about, remember  
how  
You breathed in us new life and then you took it away, you'll n  
ever live that down

I gave you every guiding word to cut it off, cut it off, cut it  
off, cut it off  
Now you hand me back the blade to make that first incision for  
you

Wait and see  
The weight of life may be the end of me; the tension, break me

We held you up on high so why did you abandon us?  
We never thought you'd be the one to fall so far

You fractured every piece of life that we cared about, remember  
how  
You breathed in us new life and then you took it away, you'll n  
ever live that down

I gave you every guiding word to cut it off, cut it off, cut it  
off, cut it off  
Now you hand me back the blade to make that first incision for  
you

For you

Wait and see  
The weight of life may be the end of me; the tension, break me
