

# Blackheath

Demon

Take a seat we've got it made  
You're moved to precision  
We're all sold out of human rights  
It's made your decision  
Keep belief in avoiding wars  
Keep faith in Santa Claus  
Feel free the first time in your life  
Give yourself away

Blackheath  
Nothing goes on here  
Blackheath  
Nothing grows on here  
Blackheath  
Only children play

On your admission the ride is free  
Whatever takes your fancy  
It's time to change your life support  
We've got the future bottled  
One chance to get away from it all  
What a way to go  
No more fear from crazy toys  
We got the answer

Blackheath  
Nothing goes on here  
Blackheath  
Nothing grows on here  
Blackheath  
Only children play
