

# Coming Home

Demon

I'm coming home, now the waiting is all over  
Can't find the words to tell you  
How I feel for you tonight  
A cold wind blows  
But inside I feel a warm glow  
I hold a pen in trembling hands  
A stranger in a foreign land

Now I've found what I'm searching for  
What we have means so much more  
Tell them all that I'm coming home  
Keep the candle burning brightly  
Now I've found what I'm searching for  
Every day oh I miss you more  
Tell them all that I'm coming home

I'm coming home  
To the mountains and the valleys  
The cobbled streets  
Where the boy became a man and learned to love  
I hear your voice  
Speaking softly in the morning  
I see you lying next to me  
Let the moment last forever more

Now I've found what I'm searching for  
What we have means so much more  
Tell them all that I'm coming home  
Keep the candle burning brightly  
Now I've found what I'm searching for  
Every day oh I miss you more  
Tell them all that I'm coming home

Oh, I know so much has changed  
In our hearts I'm sure  
What we've been through  
Will make us strong again

Now I've found what I'm searching for  
What we have means so much more  
Tell them all that I'm coming home  
Keep the candle burning brightly  
Now I've found what I'm searching for  
Every day oh I miss you more  
Tell them all that I'm coming home tonight
