

# Deliver Us From Evil

Demon

Now the spell has been cast  
The curse has left its mark  
And we await the judgement to be passed  
While we look upon each other  
The sinner and the saint  
The final curtain falls upon our kind  
It's too late to pray  
For the victims left outside the gates of Hell  
What fate awaits them now no-one can tell  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter from it  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter  
As we reach the final chapter  
And turn another page  
Do we see the writing on the wall?  
Is it better to have witnessed this  
Or never seen at all  
What lies behind the shadow of the night?  
You've seen the sign  
You're forever on the run from your last rights  
You live in fear of The Unexpected Guest  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter from it  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter  
Deliver us we don't want to go down there  
Deliver us we don't want to go down there  
Now the spell has been cast  
The curse has left its mark  
And we await the judgement to be passed  
While we look upon each other  
The sinner and the saint  
The final curtain falls upon our kind.  
It's too late to pray  
For the victims left outside the gates of Hell  
What fate awaits them now no-one can tell  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter from it  
Deliver us from evil, gimme shelter  
Deliver us from evil, gimme shelter
