

Dreamtime

Demon

I've got no colour
But I've got soul
I've got my freedom
It's priceless I'm told
Don't drive a big car
One day I might
Never been to Russia
But they say it's alright

Never climbed a mountain
Never reached the top
Gotta keep pushin'
Don't know when to stop
I'm always workin'
Gotta pay the rent
Lottery's my ticket
You know it makes sense

I need a Dreamtime to live
We need a Dreamtime to take us somewhere
I need a Dreamtime to love
We need a Dreamtime to take us somewhere

I'm a free spirit
Play by the rules
Got my hands on the trigger
I'm nobody's fool
I still believe in good
Believe in love
I've got faith in the powers above

I need a Dreamtime to live
We need a Dreamtime to take us somewhere
I need a Dreamtime to love
We need a Dreamtime to take us somewhere

Christians and Muslims
Buddhists and Jews
All our children
Wise men and fools
Mothers and fathers
Beggars and queens
Brothers and sisters
We all have our dreams

I need a Dreamtime to live
We need a Dreamtime to take us somewhere
I need a Dreamtime to love
We need a Dreamtime to take us somewhere
