

## New Ground

Demon

Seeing things now  
No one has seen  
Am I so unique?  
Will they know what I mean?  
Standing on new ground  
Standing on new ground  
Changes were made  
Outraced the light  
Feeling no fear  
Only wonder  
In the eyes of it all  
All nothing and this  
We tore down the shadows  
You didn't exist  
Standing on new ground  
Standing on new ground  
Standing on new ground  
Standing on new ground  
So many memories
