I looked in the mirror
But someone else had taken my place
I pulled on my blue jeans
Then found out I was so out of shape
So I walked in the sunshine
And suddenly it started to rain
So I reached for the crossword
But couldn't find where I'd left my brain

It's just one of those days When nothing turns out right It's just one of those days When nothing turns out right

I tried to hide in the darkness
When someone went and turned up the light
All I wanted was peace and quiet
The everybody started to fight
So I called for a taxi
But the man said I'd have to wait
Cause i thought it was tomorrow
When I found out it was yesterday

It's just one of those days When nothing turns out right It's just one of those days When nothing turns out right

I turned on the T.V.

But all I got was the same old repeats
I asked for coke with my whisky

And the waiter brought it to me neat
I took a drive in the country

But couldn't find my way out of town
I booked a table for dinner

But then the restaurant went and closed down

It's just one of those days When nothing turns out right It's just one of those days When nothing turns out right
