

# Stop The Fire

Demon

You say that it's over  
But the heartache's just begun  
How can you justify all the things  
We've done  
I may be just part of your life  
But to me it was everything  
I gave you my heart and my all  
For the memories in return

How can I make it now  
When you've tore my world apart  
Who's gonna get me through  
Another broken heart

How can I stop the fire  
When it's burning out of control  
Who wants to walk the street  
Of a town that's got no soul

I'll always want you  
That's something I've gotta face  
That sometimes it don't work out  
And we all make mistakes  
We couldn't live together  
Most of the time  
But I don't know how to go on  
Without you for the rest of my life

How can I make it now  
When you've tore my world apart  
Who's gonna get me through  
Another broken heart

How can I stop the fire  
When it's burning out of control  
Who wants to walk the street  
Of a town that's got no soul
