

# The Spell

Demon

Take your place in the circle  
Watch the mystery unwind  
One cup of your lifeblood  
Two parts of your mind  
Thirteen faceless disciples  
In a room froze with fear  
Summoned there by the master  
Then he appears  
Under the spell  
The mark of the Beast is upon you now  
Under the spell  
The mark of the Beast. You must serve him well.  
Under the spell  
Dances at midnight  
Naked but for the mask  
Feasting Heaven's destruction  
The spell has been cast  
The power is total  
Eclipse of the Son  
Evil forces are strongest  
His will to be done  
Under the spell  
The mark of the Beast is upon you now  
Under the spell  
The mark of the Beast. You must serve him well.  
Under the spell  
We all bear witness  
To the ritual of life  
While some choose to follow  
The shadows of night  
Forever banished in darkness  
For those who've taken the vow  
These things are of your own doing  
You'll pay for it now  
Under the spell  
The mark of the Beast is upon you now  
Under the spell  
The mark of the Beast. You must serve him well.
