

# Walk In Your Own Light

Demon

We held it all  
In our hands  
Where a state of mind  
Like a new born child  
We're the colours of the rainbow  
And all the love you gave  
We've witnessed  
To the lives you've saved  
Oh the powers that be  
Might recognise and really see  
Breaking free the chains  
Singing songs for life  
Feeding hungry mouths  
Walk in your own light  
Doesn't matter who you are  
The reasons why you gave  
Brothers of the skin  
Walk in your own light  
You opened up so many eyes  
You touched our hearts  
Made free men cry  
In a moment when we all knew  
We've a chance to give  
Something for someone to live  
It's our right to speak  
To share our table  
Where the world can eat  
Breaking free the chains  
Singing songs for life  
Feeding hungry mouths  
Walk in your own light  
Doesn't matter who you are  
The reasons why you gave  
Brothers of the skin  
Walk in your own light
