

# We Can Make It

Demon

Don't ever think it's passed you by  
You can change it all in the blink of an eye  
And when they say they don't understand  
You've got the power right there in your hand  
And you don't have to walk on Broadway  
You can be just who you are  
Cos we all got our own way

Chorus

We can make it if we all try  
If we hold on we can get there in the end  
We can make it if we all try  
Cos when it's gone you're gonna need an old friend

Sometimes we think that life's unfair  
Never get the breaks and no-one cares  
But don't you let it get you down  
Stand upon that mountain, take a look around  
And you don't have to walk on Broadway

Chorus

Don't ever walk away  
When you think it's right  
Don't ever walk away  
Stay here and fight

The roads not always what it seems  
Long and twisted, back-streets of broken dreams  
But a journey we have to take  
A sacrifice we all gotta make  
And you don't have to walk on Broadway

Chorus
