

# What About The Night

Demon

One kiss on your blood red lips  
Breath is like ice  
Awake from this endless sleep  
Stay out of the light  
Ooh, ooh live forever  
Ooh, ooh won't you look in my eyes?  
Ooh, ooh live forever  
Ooh, ooh you know that love never dies

Chorus

What about the night?  
When the spirits are calling  
What about tonight?  
When we fly so high  
What about the night  
When the darkness is falling  
What about tonight?  
We'll fly so high

Rise up, you'e not alone  
I'm by your side  
Virgin dreams untouched by lovers  
I hear your cry  
Ooh, ooh live forever  
Ooh, ooh won't you look in my eyes?  
Ooh, ooh live forever  
Ooh, ooh you know that love never dies

Chorus

I've been waiting for such a long time  
With a love so deep inside  
Don't try to fight it  
Stay with me tonight

Chorus
