## **King Of All**

## Demonical

Dim be the awakening Fragile be the Light Worn be the delivered By the perpetual night Endless be the journey Ailed by many blind Path of tribulations Leaving her plagues behind

Turning the back now on the many Fingers pointing at the few Unmerciful retaliation Behold the many new subdue

Reigning harlot, king of all Great deceiver of worlds Reigning harlot, king of all Megalomania reduced to nothing Reigning harlot, king of all Meet the bringer of Light Reigning harlot, king of all See your tower turn to ashes

Penintent awakening Shackled wrath made free The hierarchy of treachery Now plead forgiveness cowardly Her pitiful inhabitants Spread over the worlds No one will will hear their foolish wailing No one will understand their words

Children of harlotry now grovel Their hands would never touch the sky

Reigning harlot, king of all Great deceiver of worlds Reigning harlot, king of all Megalomania reduced to nothing Reigning harlot, king of all Meet the bringer of Light Reigning harlot, king of all See your tower turn to ashes

Hideous awakening As flames cleansed their world Come forth retaliation Age of vengeance, come forth

Never again shall the deceitful Capture this kingdom of the true

Reigning harlot, king of all Great deceiver of worlds Reigning harlot, king of all Megalomania reduced to nothing Reigning harlot, king of all Meet the bringer of Light Reigning harlot, king of all See your tower turn to piles of ashes
