

## Find a Goal

DemonLord

Days passing by  
I am drinking my beer  
In the bar where I'm always  
Spending my time

The months passing by  
I'm searching for joy  
And I live for the moment, and  
Enjoy the night

Never had the will to be strong  
Never had the chance to be found  
I only wish to make plans

God, shake me out of my sleep  
Move me out of this slump  
Give me the power to act  
And make me

Find a goal  
To be able to struggle for  
Find a goal  
To give sense to my life  
Find a goal  
What am I waiting for  
Find a goal  
No more wasting my time

The years passing by  
Lately nothing have happened  
Just waiting for someone  
And losing the time
