

# Ten Years Of My Life

DemonLord

Not a rumor  
Not a joke  
I went through my life story and wrote  
To sum my feelings  
I'll be late  
I've been passed by this last decade

I have cheated  
I have lied  
I pushed my way and all aside  
All I wanted  
I achieved  
Still I have to consider it is...  
It's to be...

Ten years of my life  
It's a sin, it's a lie  
Ten years of my life  
It is hate, it's a crime

I see my future  
I see my past  
I have fallen and have to fall at last

To search for glory  
Search for lust  
Now I'm pleased but haunted by the past

I have cheated  
I have lied  
I pushed my way and everything I tried  
All I wanted  
I achieved  
Still I have to consider it is...  
It's to be...

Ten years of my life  
It's a sin, it's a lie  
Ten years of my life  
It is hate, it's a crime

Ten years of my life  
It's a sin, it's a lie  
Ten years of my life  
It is faith, it's a fight

I've lived in the shades and I've touched the sun  
Taken my chances, been on the run  
Too many faces around me to know

Got lost in my life, found myself again  
Was the toughest of all and a broken man  
Still on my feet and I'm ready to go
