

The desperation when you speak  
a sense of weakness in your tone  
I could have helped but actually  
I kind of like to see you fall from your pedistal of slaughter  
cause when it breaks I don't think you've got what it takes  
try to stay above the water  
If you still think that you are so much better than the others

You can't be touched, you can't be blamed  
You play it rough, but this is not a game

Safe, safe and sound. A betrayal is all you need to fall  
You're in an Illusion after all

Eyes that look down upon the weak  
for your contemplation  
the domination that you seek  
Is the reason why you never really gonna feel okey  
No matter if you scream we won't obey  
Nothing that you do will make us bend over  
And crumble to your lies  
You reek of insecurity  
When it's all gone dont come to me  
You're looking for salvaton but no one else here  
But you can set you free

You can pretend that nothing ends

Safe, safe and sound.  
A betrayal is all you need to fall  
You're in an Illusion after all
