

# Black Butterfly

Deniece Williams

Morning light, silken dream to flight  
As the darkness gave way to dawn  
You've survived, now your moment has arrived  
Now your dream has finally been born

Black Butterfly, sailed across the waters  
tell your sons and daughters  
what the struggle brings  
Black Butterfly, set the skies on fire  
rise up even higher  
so the ageless winds of time can catch your wings

ooh...ooh

While you slept, the promise was unkept  
But your faith was as sure as the stars  
Now you're free, and the world has come to see  
Just how proud and beautiful you are

Let the current lift your heart and send it soaring  
Write the timeless message clear across the sky  
So that all of can read it and remember when we need it  
That a dream conceived in truth can never die  
Butterfly

Cause now that you're free and the world has come to see  
Just how proud and beautiful you are

Fly  
Butterfly  
Yeah, yeah, yes  
Fly
