Black Butterfly

Deniece Williams

Morning light, silken dream to flight
As the darkness gave way to dawn
You've survived, now your moment has arrived
Now your dream has finally been born

Black Butterfly, sailed across the waters tell your sons and daughters what the struggle brings Black Butterfly, set the skies on fire rise up even higher so the ageless winds of time can catch your wings

ooh...ooh

While you slept, the promise was unkept But your faith was as sure as the stars Now you're free, and the world has come to see Just how proud and beautiful you are

Let the current lift your heart and send it soaring Write the timeless message clear across the sky So that all of can read it and remember when we need it That a dream conceived in truth can never die Butterfly

Cause now that you're free and the world has come to see Just how proud and beautiful you are

Fly
Butterfly
Yeah, yeah, yes
Fly
