

## Dreamer

Dennis Wilson

I know a carpenter who had a dream  
Killed the man but you couldn't kill the dream  
Who said it was easy  
People gotta be free  
And the band keeps on playin'

I know people who want to go far  
Make big movies and become a star  
People got to dream  
Dreamer who said it was easy  
And the band played  
Play for me

Now I've seen people from near and far  
They couldn't get to heaven in their car  
Who said it was easy  
Driver drive on uh

Oooo let the wind carry your blues away  
That's all we're tryin' to say  
How 'bout a better day  
Fall in love  
Oooo ooh

And the band keeps on playin'  
Play for me

Do you wonder where you are  
Wake up in bed with a star  
That was easy  
Dreamer dream on  
And the band keeps on playing  
Play
