

# Dreaming Of Me

Depeche Mode

1. Light switch, man switch  
Film was broken only then  
All the night, fused tomorrow  
Dancing with a distant friend

R: Filming and dreaming, I picture the scene  
Filming and dreaming, dreaming of me

2. So we left, understanding  
Clean cut, so we're sounding fast  
Talked of sadness, I talked of war  
I laughed and climbed the rising calm

R: Filming and dreaming...

3. Quickly, I remember  
Fused and saw a face before  
Timing reason, understanding  
Like association whore

R: Filming and dreaming...

\*: Dreaming of me (Oooh, la la la ...)  
Just dreaming of me  
It's only me  
Just me
