

# I Want You Now

Depeche Mode

1. I want you now  
Tomorrow won't do  
There's a yearning inside  
And it's showing through  
Reach out your hand  
And accept my love  
We've waited for too long  
Enough is enough  
I want you now
  
2. My heart is aching  
My body is burning  
My hands are shaking  
My head is turning  
You understand  
It's so easy to choose  
We've got time to kill  
We've got nothing to lose  
I want you now
  
- R: And I don't mean to sound  
Like one of the boys  
That's not what I'm trying to do  
I don't want to be  
Like one of the boys  
I just want you now
  
3. Because I've got a love  
A love that won't wait  
A love that is growing  
And it's getting late  
Do you know what it means  
To be left this way  
When everyone's gone  
And the feelings they stay  
I want you now
