

The Things You Said

Depeche Mode

1. I heard it from my friends
I heard it from my friends
But they know me better then that
they know me better then that
they know my weaknesses
I never tried to hide them
they know my weaknesses
I never denied them

2. I heard it from my friends
about the things you said
I heard it from my friends
about the things you said
how can be a view become so twisted
how can be a view become so twisted
they know my weaknesses
I never tried to hide them
they know my weaknesses
You tried them

4x (mezihra)

R: I get so carried away
You brought me down to earth
I thought we had something precious
Now I know what it's worth

4x (mezihra)

3. I heard it from my friends
about the things you said
I heard it from my friends
about the things you said
I've never felt so disappointed
never felt so dissappointed
they know my weaknesses
I never tried to hide them
they know my weaknesses
thought that you like them

5x (mezihra)

They know me better then that
