

# World Full Of Nothing

Depeche Mode

Close naked  
skin on skin  
tears are falling  
tears of joy  
her first boy  
his first girl  
makes a chance

In a world full of nothing  
though it's not love  
it means something

She's lonely  
and he says  
it's for her only  
that he lusts  
she doesn't trust him  
nothing is true  
but he will do

In a world full of nothing  
though it's not love  
it means something

It's easy to slip away  
and believe it all

Though it's not love  
it means something
