

Deceptive Companion

Depresy

What was there?
Did you see the phantoms of the past?
When all your knowledge was burning so fast...
Have you been? Or have you seen?
All your weakness was gently foreseen
Don't demonstrate hate for corrupted fate
Weak and old, stoned and cold
Eclipsed lost wisdom by hate... of corrupted fate
YOU'LL NEVER BREAK THE STRAW
Cause life you get will never forget
There is no happy-end because DEATH is the end
Tumult divine paranoia
Sometimes you wish to break the straw
Tumult divine paranoia
Where are junctions you've been searching for?
Tumult divine paranoia
...and now its the time for radical change
cause we are the ones who BURIED OUR FATE
In transcendental cave was BURIED OUR FATE
YOU'LL NEVER BREAK THE STRAW
Cause life you get will never forget
There is no happy-end, expect bitter end
DEATH IS THE END
